

Press release

In its statement issued on August 10, 2026 , Transparency Morocco informed the public about the initiative it launched on the occasion of the elections scheduled for September 23, which consisted of sending letters to the political parties represented in Parliament regarding three major issues that preoccupied the national public opinion and represent an important part of the association's areas of work and activity.

This concerns :

1. The provisions recently introduced to the Code of Criminal Procedure, relating to crimes related to public funds
2. illicit enrichment
3. Conflict of interest

This initiative has been met with great welcome and interest from the national press and social media

As of September 15, 2026, the political parties that responded to our letter dated July 27, 2026 are as follow :

- Socialist Union of Popular Forces
- Party of Progress and Socialism
- Federation of the Democratic Left
- Unified Socialist Party

The parties that were contacted but did not respond are as follows

- National Rally of Independents
- Authenticity and Modernity Party
- Independence Party
- Justice and Development
- Popular Movement
- Social Democratic Movement
- Constitutional Union
- Democratic Forces Front

The association commends the four parties that responded and expressed their positions, and considers the silence of the remaining parties regarding issues of such importance to be .regrettable
